Basic Forensic Response to Missing & Abducted Children
October 28-30, 2014 | Independence, OH

Training Description
This training is designed to enhance the forensic skills of law enforcement professionals responsible for crime scene investigations including missing and abducted children cases. Topics include: pre-planning, chain of custody issues/evidence security, crime scene identification and preservation, crime mapping and photography, trace evidence, finger/palm prints, DNA/body fluids, composite sketching/forensic art and electronic evidence. Hands-on, facilitated activities will allow participants an opportunity to practice the techniques taught in class.

One module of this training will be devoted to Identi-Kit training. In order to benefit from this training module, if at all possible, participants should bring with them a laptop computer containing Windows 98 or a later version. The participant's department will receive a contract with the Identi-Kit Corporation which will entitle the department to receive a license and free use of Identi-Kit software for six months. As a result of attending this training, participants will be certified Identi-Kit operators.

Who Should Attend
Law enforcement professionals including crime scene specialists, first responders, and investigators are strongly encouraged to attend.

This training is being co-sponsored by the Cuyahoga County Executive Ed FitzGerald and the Cuyahoga County Sheriff Frank Bova. For questions or comments, you may also contact Tanisha Knighton at tknighton@cuyahogacounty.us or 216-443-6882.

Training Fee
There is NO FEE to attend this training; however, pre-registration is required. The deadline to register is September 2, 2014.

Tuition, student materials, and instructional costs are provided by the AMBER Alert Training & Technical Assistance Program.

Training Location
Independence Rec Center
Red Oak Room
6363 Selig Blvd
Independence, OH 44131
